IoT Firmware Security Report

Scan ID: sample-scan-clean-002 | Generated: 2026-10-21

Executive Summary

Firmware Name: openwrt_23.05.0_sysupgrade.bin
Format: SquashFS image (8.00 MB)
SHA-256: e3b0c44298fc1c149afbf4c8996fb92427ae41e4649b934ca495991b7852b855
Architecture: ARM (32-bit) | OS: OpenWrt Linux 23.05.0
Extraction: Extracted 1 layer via unsquashfs (650 files recovered)
Risk Assessment: 0/100 [LOW Risk] | Malware Indicators: 0

Vulnerability & Risk Findings (0)

No security vulnerabilities or malware indicators were detected in the extracted filesystem.

Assessment conducted via static analysis and verified signatures. Temporary files purged immediately after scan completion.
